About the

Endowment Fund

The Riel-Evate Endowment Fund was established by the Louis Riel School Division in May 2019 in partnership with The Winnipeg Foundation.

The fund supports student success, while investing in programs and initiatives in Louis Riel School Division that positively impact the lives of students and their families.

To date, support has been in the form of annual scholarships to a graduating student in each of our high schools and to a student graduating from the Louis Riel Arts & Technology Centre.
