Sometimes all parents feel lost or without a clue about what our child might need from us. The Circle of Security® Parenting™ program is based on decades of research about how secure parent-child relationships can be supported and strengthened.

Understand their child's emotional world by learning to read emotional needs

Support their child's ability to successfully manage emotions

Enhance the development of their child's self esteem

Honor the innate wisdom and desire for their child to be secure

I am 3

I am not built to sit still, keep my hands to myself, take turns, be patient, stand in line, or keep quiet.

I need motion, I need novelty, I need adventure, and I need to engage the world with my whole body.
