

Mastery

A focus on equitable teaching and clinical practices that consider an individual's circumstances, so all students thrive and realize their full potential.

French Language Skill Development

- Increased authentic speaking opportunities
- Opportunities to connect, participate, and collaborate in French during school, extra-curricular activities and in the community
- Prioritize French-speaking guests and field trips
- Utilize a variety of contemporary French resources in all learning environments

Independence

A focus on engaging students' innate abilities and curiosity to empower a love of learning, self-confidence, and self-efficacy.

A Sense of Safety and Community

- Staggered start days to begin the year
- Morning meetings in grades 7 and 8
- Fostering belonging and a sense of community through our grade 9 foyer initiative
- Grade-specific continuum to encourage belonging and acceptance through activities, opportunities and initiatives

Generosity

A focus on the ethics of care and hospitality to support thriving learners and flourishing communities.

2025-2026 School Plan

Belonging

A focus on inclusion and well-becoming to ensure all students and staff are welcomed, accepted, valued, healthy, and safe while at school and in the workplace - and to ensure parents/guardians are welcomed and valued as essential partners.

Mental Health and Wellbeing

- Grade-specific mental health education
- Mental health wellness week
- Staff training in trauma-sensitive practices
- Peer support system through the Natural Helpers initiative

Increased Student Agency

- Propel Project-Based Learning Program
- Involvement in the process of renaming of school
- Differentiated learning, assessment practices, and learning environments
- Workplace, leadership, and volunteering opportunities for students
