Art Extravaganza Summer Art Camp (1-4)

Welcome to the best week of your summer with the Art Extravaganza Summer Art Camp!!!

Impress not only yourself, but amaze, and astound your friends and family with the awesome masterpieces you will create during Art Extravaganza. In our modern fully equipped Art Studio, the participants will be led through a series of hands-on art and craft activities every day. Each student will work on a series of fun filled activities and will learn some interesting facts about some incredible artists throughout history. Every day there will be a host of lead up activities and will culminate in a final, fantastic project.

All the four Art Extravaganza programs offers a distinct set of programming, so each week is unique for those wishing to take more than one, or all of the sessions. For those that have 'camped' with me before, don't worry as we will have several new art and craft projects as well as re-visiting some favourites from previous weeks and years. Create a painting on a turntable, shape some soapstone into a necklace, and make an amazing light catcher just to name a few of the many, many projects we will be involved with. We welcome all students, of all abilities, for these fun filled weeks.
