A little About Me

Hello learners!

My name is M. Hardman! I have been teaching at École Varennes for over 10 years in various capacities. This will be my first full year as a 1st grade teacher.

My family is a blended family. My partner and I have four children and when we are all together, we enjoy going outside and being active. To wind down we like to play card/board games, draw/colour or read!

I hope you enjoy an active summer, where you get to explore the wonders that are around! I look forward to getting to know all of you and being active in the classroom next year!
