

2025 MSEA Rocket League Season at École George-McDowell

Congratulations to the four teams that represented École George-McDowell in the Manitoba School Esports Association Rocket League season. This was École George-McDowell's third season participating in the league, and once again, the Jaguars were well represented!!!

Our teams were comprised of Grade 6 and 7 students, who worked together to improve their Rocket League skills individually, as well as their team skills. Rocket League and Esports, in general, provides students with an opportunity to develop their collaboration and team skills, as well as problem solving and dealing with adversity.

All four teams had very successful seasons!

EGM Maroon and Gold placed 6th in the Thursday division and only a few points out of earning an automatic spot in the provincials! Bien joué les gars!!

EGM Black finished tied for third in the Thursday A division, however their head-to-head matchup with the other team they were tied with did not go in their favor, so they placed fourth and just outside of qualifying for provincials. Félicitations!!

EGM White finished third in the Thursday division at the end of the regular season which earned them an automatic spot in the provincial championship. They continued to fight hard at provincials; however, they ran into some very tough competition. EGM Gold lost a heartbreaker of a series in the consolation final despite playing extremely well! This earned them an 8th place finish in the province, in the A division. Excellent travail!!

I want to thank our students, who participated and represented our school magnificently! I would also like to thank their parents for their support throughout the season!! Finally, a big thank you to Mme Boily and M. Nault for their help throughout the season!!!

M. Nelson
