SCHOOL DIVISION

Louis Riel School Division

Land Acknowledgement

The Louis Riel School Division (LRSD) brings together a community of schools on the traditional land of the Anishinaabek, Ininewak, and Dakota. Our division is located on the homeland of the Red River Métis. We recognize that Manitoba is also the traditional land of the Anishininwak and Dene.

We respect the treaties made on this land and acknowledge the harms and mistakes of the past and present. We dedicate ourselves to authentic alliances with Indigenous communities in a spirit of reconciliation and cooperation.

The ongoing development of LRSD's land acknowledgement is guided by our Indigenous Council of Grandmothers and Grandfathers, and we thank them for their generosity and collaboration.

La reconnaissance des terres de la DSLR

La Division scolaire Louis-Riel (DSLRL) réunit une communauté d'écoles sur les terres traditionnelles des Anishinaabek, Ininewak et Dakota. Notre division se situe dans la patrie des Métis de la rivière Rouge. Nous reconnaissons que le Manitoba abrite également les terres traditionnelles des Anishininwak et Dénés.

Nous respectons les traités conclus sur ces terres et reconnaissons les préjudices et les erreurs du passé et du présent. Nous nous engageons à créer des alliances authentiques avec les communautés Autochtones dans un esprit de réconciliation et de collaboration.

Le développement continu de la reconnaissance des terres de la DSLR est dirigé par notre conseil autochtone des grands-mères et des grands-pères, que nous remercions de sa générosité et de sa collaboration.

Introduction

Statement of Commitment

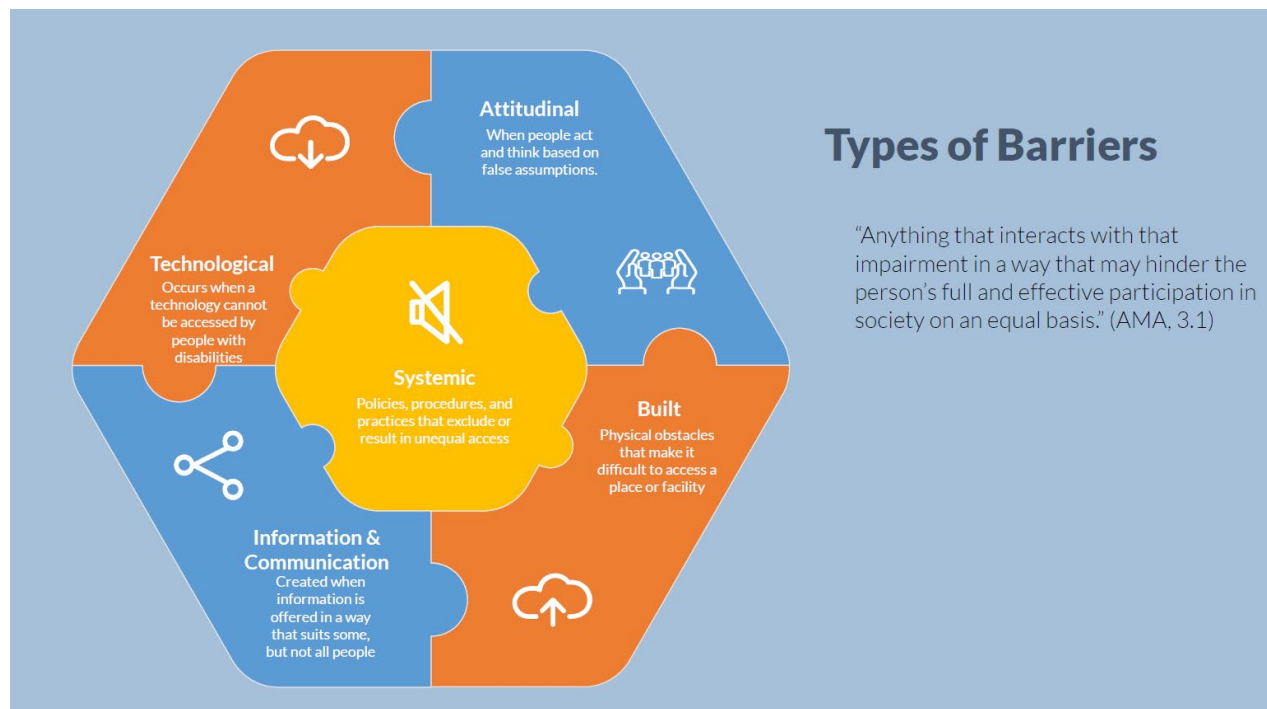

The Louis Riel School Division (LRSD) is committed to ensuring equal access and participation for people with disabilities. We are committed to treating people with disabilities in ways that allow them to maintain their dignity and independence. We believe in inclusion. We are committed to meeting the needs of people who face accessibility barriers. We will do this by identifying, removing, and preventing barriers and by meeting the requirements of The Accessibility for Manitobans Act (AMA).

We are working to ensure LRSD's practices align with Manitoba's accessibility standards which focus on 5 key areas of daily living:

1. The Accessibility Standard for Customer Service (November 2017)
2. The Accessibility Standard for Employment (May 2021)
3. The Accessibility Standard for Information and Communications (May 2024)
4. The Accessibility Standard for the Design of Public Spaces
5. The Accessibility Standard for Transportation

Types of Barriers

For a person who has a physical, mental, intellectual, or sensory disability, a barrier is anything that interacts with that disability in a manner that may hinder the person's full and effective participation in society on an equal basis.

Part 1. Baseline Report

Overview of Programs and Services

LRSD was established in 2002 after the amalgamation of St. Boniface and St. Vital School Divisions. LRSD serves the southeast quadrant of the City of Winnipeg, bordered by Mission Street and Dugald Road to the north, slightly past the floodway to the south, the Red River to the west and by Plessis Road to the east. LRSD also serves portions of the regional municipalities of Springfield and Ritchot.

LRSD has 40 schools including 32 Elementary schools, with 11 offering French Immersion (10 in milieu settings and one in a temporary dual-track setting). There are five English program high schools, two French Immersion program high schools, two Technical and Vocational Facility and two Community Learning Centre. LRSD serves nearly 16,000 students, their families, and our community by more than 1,200 teaching staff and more than 900 support staff. As a public education provider, we offer a full range of programs and services to learners within our schools and board offices.

LRSD is committed to providing quality educational programs and opportunities for its community of learners. LRSD is dedicated to creating a safe, inclusive, and respectful learning environment to support and enable learners to develop the knowledge, skills, and values to reach their full potential.

LRSD is committed to anti-oppressive practices through the identification and elimination of all types of prejudice. We will work tirelessly to review and improve our practices and ways of being with one another to ensure that all voices are heard and reflected in an environment that is safe, positive, healthy, accessible, and inclusive.

Schools across the division are an integral part of the community, with many public groups accessing school facilities outside of school hours as spaces for recreation, and continued learning. Several community partners share our facilities, including the Boys and Girls Club, Special Olympics, EDGE Adult Learning, Zone Settlement Teams, and Peaceful Village, just to name a few.

Accessibility Achievements

The Louis Riel School Division's mission is to provide a safe, inclusive, and engaging environment, where personal and collective learning and growth are valued, and each one of us reaches our full potential.

It is the division's belief that, as much as possible, students and public are accommodated in their chosen school without barriers. LRSD holds inclusion and diversity as core values and strives to nurture a community of learning and well-becoming for all that reflects the diverse aptitudes, abilities, identities and experiences of our communities.

Since publishing the 2017 Accessibility Plan, continued actions to remove barriers from our schools and facilities have been undertaken.

For example, the:

- Installation of an elevator at Windsor Park Collegiate
- Installation of an elevator at J.H. Bruns Collegiate
- Installation of an accessible washroom at Hastings School
- Purchase of two stair crawlers for use in any schools
- Purchase of hearing devices for many schools for use by teachers

- Purchase of hands-free headsets and microphones for teachers who are teaching outside and in large indoor spaces
- Installation of accessible door openers for the West and North entrances at General Vanier School
- Installation of accessible door openers at Windsor Park Collegiate
- Installation of wheelchair ramps at General Vanier School
- Relocation of the LRSD Board Room to make it wheelchair accessible

Several projects have been completed, are in progress or are pending approval from the Manitoba government's Central Services. This list will continue to grow as further upgrades are identified:

Several [LRSD Policies](#) support the removal of barriers and increase accessibility for students, staff and, community members:

- AC-1 – Human Diversity: Sexual Orientation and Gender Identity
- AC-1-2 – Respect for Diversity
- ACF-G – Interpersonal Relations and Resolution of Concerns about Harassment Discrimination
- AD – Educational Philosophy: Divisional Statements on Vision and Mission
- EB – Initiatives to Support Sustainable Development
- GBEB – Standards of Employee Conduct
- IHBA – Special Education: Individual Education Plan Development
- JLCD – Administering Medicines to Students

The LRSD public facing website has been expanded to provide the public and community members with information to support their interaction with the division. An Accessibility Page has been created that houses

policy, information about employment, student transportation, the design of public spaces, and resources to assist our community and the public in accessing services.

LRSD enacted Policy ACE – Commitment to Accessibility in April 2019, with revisions following in May 2020. The policy establishes guidelines to support our efforts to respect and promote the principles of independence, dignity, integration, and equality of opportunity with persons with disabilities and to provide goods, services, and facilities that are accessible to all students, parents/guardians, staff, and community in the areas of:

- Customer Service
- Employment
- Information and Communication
- School Transportation
- Design of Public Spaces

Policy ACE outlines procedures in the areas of communications, assistive devices, support persons, service animals, maintenance of barrier-free access, notice of temporary disruptions, feedback processes, training, public events, and documentation. Accompanying Policy ACE, are three Administrative Protocols:

- Protocol 1: Use of Assistive Devices by the General Public
- Protocol 2: Use of Support Persons by the General Public
- Protocol 3: Use of Service Animals by the General Public (under review)

LRSD established a Diversity, Equity, Inclusion and Anti-Racism Services Office in October 2021 to forward the work of anti-oppressive education. A review of the policy manual has taken place and updates to policies will reflect the division’s commitment to equitable, anti-racist practices.

Policy ACH – Diversity, Equity & Inclusion, passed in June 2022, articulates a commitment and comprehensive approach in the areas of:

- Governance
- Teaching and Learning
- Family and Community Engagement
- Workforce Diversity
- Accessibility/Universal Access
- Diverse Schools and Learning Opportunities
- Instructional Services
- Staff Services
- Additional Needs and Clinical Services

Policy GBA – Employment Systems, received first reading by the LRSD Board of Trustees on June 21, 2022. The policy outlines the commitment to employment systems that reflect the rights guaranteed in the Canadian Charter of Rights and Freedoms and the principles outline in The Human Rights Code (Manitoba), including recruitment, selection, hiring, training and development, career counselling, transfer processes, performance assessments, promotion, and retention practices.

Review of Progress Towards Articulated Goals

LRSD’s Accessibility Plan will be updated regularly to reflect progress achieved towards identified targets, establish ongoing goals based on feedback from the working group and members of the Louis Riel School Division.

Action 1: Establish Accessibility Working Group

- Each area or division that serves the public is represented on the working group.
- Other levels of the organization are represented.
- The working group has detailed work plans, multi-year timelines.
- Members participate in developing, implementing, and updating the Accessibility Plan.

Action 2: Provision of Information in an Accessible Format Upon Request

- Accessibility coordinator to communicate process to all staff.
- Staff Services Department has created a process for staff to request accessible supports and services.
- Individual Accommodation Planning tools have been created to support employees in identifying accessibility supports needed for day-to-day work and in case of emergencies.
- Communications Department to promote the availability of alternate formats on request by including the active offer on all new documents.
- Website to be audited to ensure all material is accessible to people who use screen readers.
- Ensure multiple methods are available to the public to communicate (submit forms, job applications, phone, email, feedback).
- The linguistic needs of community members are supported through access to interpreter services at no charge to the family.
- Promotional and information materials provided to the community as a whole and via individual schools are increasingly available in multiple languages, and, in addition to this, the LRSD website allows for the provision of translation of text.

Action 3: Staff Awareness and Training

LRSD has launched Smarter U, an online Learning Management System (LMS) for employees. Required training is provided to staff members through enrolment in the system, allowing the division to track the completion and certification rates of employees. Topics included in the LMS include:

- Harassment/Discrimination - Interpersonal Relations and Resolution of Concerns
- LRSD Accessibility Program
- Safe Work Environment - Violence Prevention Policy
- Step Ladder Safety
- WHMIS 2015 GHS
- Working Safely with Students

Action 4: Review of Facilities for Physical Accessibility Barriers

Following the publication of our 2017 Accessibility Plan, we have created a tracking system to:

- Establish a checklist to review all LRSD buildings for accessibility.
- Review facilities and note where barriers exist and note possible remediation.
- Integrate barrier removal into Five-Year Capital plans with Manitoba Central Services and for out-of-scope items inclusion in operating budget in future years.
- Review the impact on our operating budget to meet accessibility standards with the Board of Trustees to determine a timeline to become compliant.
- Long term plan in place to address removal of physical accessibility barriers.
- Plan will outline provincial government responsibilities and divisional responsibilities.

- Long term budget outlining yearly accessibility projects.
- Consider barrier-free access and universal design principles in planning for all new construction and significant renovation.

Action 5: Monitor Progress

The Accessibility Coordinator has reviewed updates to the 2017 Accessibility Plan with LRSD's Senior Leadership Team and Board of Trustees.

The Accessibility Coordinator will provide bi-monthly updates to the Senior Leadership Team and Board of Trustees moving forward.

The LRSD Annual Plan highlights the work towards the removal of barriers and enhanced accessibility for students, staff, and community.

Barriers to Accessibility

The largest barrier that LRSD faces in meeting the accessibility needs in our division is the cost to remove barriers. Schools themselves are paid for by the provincial government and, as of November 2016, the provincial government is also responsible for meeting accessibility needs of students residing in those schools. The Accessibility for Manitoba Act goes beyond what would normally be funded by the provincial government by requiring removal of barriers for members of the public. Therefore, any costs to remove barriers would have to be borne by the school division.

Part 2. Accessibility Plan

Statement of Commitment

LRSD is committed to ensuring equal access and participation for people with disabilities. We are committed to treating people with disabilities in ways that allow them to maintain their dignity and independence. We believe in inclusion. We are committed to meeting the needs of people who face accessibility barriers. We will do this by identifying, removing, and preventing barriers and by meeting the requirements of The Accessibility for Manitobans Act (AMA).

We are working to ensure LRSD’s practices align with Manitoba’s accessibility standards which focus on five key areas of daily living:

1. The Accessibility Standard for Customer Service (November 2017)
2. The Accessibility Standard for Employment (May 2021)
3. The Accessibility Standard for Information and Communications (May 2024)
4. The Accessibility Standard for the Design of Public Spaces
5. The Accessibility Standard for Transportation

Actions to be Taken:

- a. LRSD will review all programs, services, and new initiatives to ensure accessibility.
- b. LRSD will make information available in an accessible format or provide communication supports to people with disabilities in a way that considers their disability.
