2. Each of the High Schools in the Louis Riel School Division receives students from identified elementary/feeder schools or catchment areas. For High School transition, the designations are as follows:

Collège Béliveau: École Guyot, École Henri-Bergeron*, École Sage Creek/Bonavista (beginning June 2026), and École Van Belleghem (Students from these schools transition to Collège Béliveau from Grade 8.) École Howden (Beginning June 2025, students from this school transition to Collège Béliveau from Grade 6.) Students from École Provencher transition to École Henri-Bergeron from Grade 4.

**Students completing Grade 6 Middle Immersion at Ecole Julie-Riel and Ecole Henri-Bergeron attend Grade 7 at their catchment area French Immersion school.*
3. Applications for SOC's will not be accepted prior to February 1. The deadline for submission is May 15, with the exception of students wishing to remain at their current school in the situations outlined below for whom the deadline is March 15:
 - a. Students attending Shamrock School or École Guyot who reside in Sage Creek
 - b. Students attending École Van Belleghem in Kindergarten to Grade 7 who reside in Bonavista or the portion of Island Lakes south of Warde Avenue
 - c. Students attending Collège Béliveau in Grade 7 who reside in Sage Creek
4. Applications received after the deadline will be reviewed on a case-by-case basis. SOC transfers are considered in the following sequence:
 - a) Catchment area students;
 - b) Within Division Transfer requests;
 - c) Out of Division Transfer requests.To facilitate effective planning, families wishing to exercise their transfer option are encouraged to submit SOC (Within Division) application early in the February 1 to May 15 time period, as there may be limited space for out of catchment area students and applications are considered based on date of receipt.
5. Each application is assessed on an individual basis to determine whether it can be accommodated or must be waitlisted. Space (class, grade, and school population), resources, and other factors as determined by the Principal and the Superintendent's Department, are considered in the process. There is no guarantee that siblings choosing the same school will be accepted. Parent(s)/guardian(s) will be notified on or before June 30, if their request has been approved or waitlisted. A numbered list will be established for those that are waitlisted and should space become available, the family will be contacted.
6. If a transfer request is approved, transportation to and from the School of Choice is the responsibility of the parent(s)/guardian(s).
7. Once a student's SOC (Within Division) has been accepted, the new school becomes the student's designated school and further requested changes will be governed as in 1 to 5 above.
8. Completion of this application indicates that parent(s)/guardian(s) agree to participate in an intake meeting, if necessary, to consider the application. Attendance may include personnel from the School of Choice, from the former school, and from pertinent support agencies required to determine suitable individualized programming.
9. French Immersion to English Program transfers are automatically accepted, provided application is received prior to May 15 for the start of the next school year and the student is requesting the catchment English school corresponding to the parent(s)/guardian(s) address. Applications at any other time of the school year are subject to review of space and resources available at the requested school. Student requesting schools other than catchment English School will require to submit a School of Choice (Within Division) application and are subject to review of space and resources available at the requested school.
10. Resident students new to LRSB, including those from DSFM schools and independent schools, must register at their catchment school. Those wishing to attend another school must complete a SOC (Within Division) application.
